SKILLS

Relevant Skills

- **Full Stack Web Development:** Proficient in HTML, CSS, JavaScript, React, and back-end technologies like Node.js and Express.
- **Data Analysis:** Currently advancing skills in Python, R, and SQL through a data analytics boot camp; experience with data manipulation, visualization, and storytelling.
- **Remote Collaboration:** Experienced in remote teamwork, including virtually collaborating with groups to design and develop web apps and websites.
- **Project Management:** Strong background in managing complex projects, both in restaurant settings and software development contexts.
- **Problem-solving:** Demonstrated ability to analyze issues and develop effective solutions, leveraging both technical and managerial expertise.

Technical Skills

- **Programming Languages:** JavaScript, HTML, CSS, Python, R
- **Front-End:** React, Redux, HTML5, CSS3, Bootstrap
- **Back-End:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Version Control:** Git
- **Tools:** Visual Studio Code, Postman, Insomnia, Jupyter Notebook, RStudio

PROFESSIONAL SUMMARY

Restaurant manager transitioning to a Full Stack Developer role with a strong interest in data analysis and problem-solving. Skilled in HTML, CSS, JavaScript, and recent exposure to Python and R for data analytics. Proven leadership skills, customer service expertise, and the ability to work effectively in collaborative environments. Currently expanding data-driven capabilities to support a future role in data and development-focused projects.
